NO-NONSENSE WARRANTY

Manufacturing defects reported to Skyline within one year after original retail delivery of your new Travel Trailer by an authorized dealer will be corrected without charge and within reasonable times. Excluded are misuse (including lack of reasonable maintenance), minor imperfections, alterations, and dealer or owner improper transportation, installation, or hookup.

This warranty gives you specific legal rights. You may have other rights which vary from state to state.

Skyline's suppliers often provide additional warranties on their components beyond the Skyline factory bumper-to-bumper warranty. For example — the range, water heater, furnace, converter, air conditioner, refrigerator, microwave and awning carry two-year supplier warranties. The one-piece roof carries a 12-year warranty. Ask your dealer for full details.

Manufacturer's Notice: All specifications, equipment, and prices are subject to change without prior notice. Production of all models subject to seasonal scheduling. Skyline Corporation reserves the right to improve a model without incorporating these changes in similar models produced at an earlier date.

Consult your automobile dealer and your recreational vehicle dealer to assure the proper match between tow vehicle and trailer. Tow vehicle and recreational unit must be properly equalized for efficient product performance and safety. Before you purchase your recreational vehicle, carefully consider the number of people it will accommodate and its end use. Manufacturer's load capacity restrictions and recommendations must be followed for safe and efficient product performance.

Your Retailer, an independent contractor, who is not an agent of Skyline Corporation, is the party responsible for your purchase contract and any additions, deletions, alterations, or attachments made to or in your recreational vehicle.

Notes
 (1) All weights, dimensions, and capacities shown are approximate values.
 (2) Unloaded vehicle weight and carrying capacity will vary depending upon optional equipment. Full propane tanks are factored into carrying capacity. Skyline weighs every unit at the factory. See trailer weight information label located inside the front entry door for specific unloaded vehicle weight and cargo carrying capacity.
 (3) Dimensions stated to industry standards. Exterior length includes approximately a four foot hitch on travel trailers. Exterior height includes air conditioner, if installed. Exterior width does not include the width of the awning, if installed.
